IMAX Talent Acquisition Team — Sheridan Park Office, Mississauga, ON

Re: Finance Internship — Summer 2026

Dear IMAX Hiring Team,

I'm applying for the Summer 2026 Finance Internship at your Sheridan Park office. As a Mississauga local and a second-year Bachelor of Commerce student majoring in Management Economics and Finance at the University of Guelph, the chance to spend ten weeks learning finance inside the company that built the world's most awe-inspiring movie experience is the kind of opportunity I'd reorganize my entire summer around.

What I bring to the role:

- **A Commerce major built on the fundamentals you're hiring for.** My program at Guelph is grounded in financial accounting, corporate finance, and economic analysis. I've worked in Excel through coursework on financial statements and case modeling, including pivot tables, VLOOKUP, and formulas.
- **Hands-on finance-process experience.** In my role as Office Administrator at CarWash and Co., I manage daily invoicing, scheduling, and customer-account inquiries, and have collaborated with management on pricing and service-offering analysis — giving me a working feel for how transactional data flows into reporting.
- **Real interest in applying AI to workflows.** Your job description mentions using AI to develop process maps, and that's the part I'm most excited about. I've spent the last year using AI tools for research and data work and would love to bring that curiosity to documenting and automating Finance processes alongside your team.

The IMAX experience itself is the kind of "make it awe-inspiring" obsession I'd want to be part of, and your culture — trust, courageous thinking, learning at every stage — is exactly what a second-year student hopes for in a first finance internship. The June-to-August timing fits my academic calendar, and Sheridan Park is a short commute from home.

I'd welcome the chance to discuss how I can contribute to your Finance team this summer. Thank you for your consideration.

Sincerely,

Bassam Ahmed
