

Husam Ahmed

(647) 685-6908 | husamdaifalla01@gmail.com | Ottawa, ON | Active Reliability Status

PROFESSIONAL SUMMARY

Data-quality analyst in practice: I maintain master-record integrity on one of the federal government's largest case-management systems (GCMS at IRCC), investigating probabilistic matches, correcting records, and surfacing anomalies across national datasets. Concurrently, I combine and standardize multi-source public data and build the Power BI dashboards a research team prioritizes by. Excel pivot analysis daily. Active Reliability Status.

CORE COMPETENCIES

Data Quality and Integrity	Master Data and Entity Resolution	Anomaly Detection	Data Standardization and Cleansing	Power BI Dashboards
Excel (Pivot Tables, Lookups)	Process Documentation	Operational Reporting		

WORK EXPERIENCE

Immigration, Refugees and Citizenship Canada, Operations Support Centre

Aug 2024 to Present

Program Assistant / Acting Case Processing Agent (CR-04, acting PM-01) / Ottawa, ON (Held concurrently with the Stelis role below.)

- Maintain master-record integrity on national client data in IRCC's Global Case Management System (GCMS): investigate probabilistic identity matches across biographic, biometric, and travel-document evidence, then commit corrections (record merges, disassociations, profile relinking).
- Run pivot analyses in Excel and reporting queries in GCMS across large case datasets to confirm application statuses, surface anomalies, and flag potential information-sharing breaches for controlled handling.
- Triage the central Data Integrity unit's national intake of status checks and household identity-correction requests (PPMI and IMM applicants), prioritizing against case urgency and team capacity.
- Administer GCMS access and biometric operations support for staff at 60+ Visa Application Centres and Missions abroad: account provisioning, permission changes, and urgent technical issues across time zones, each action logged.

Stelis Environmental Solutions

Nov 2023 to Present

Water Quality Researcher, Quality Systems / Ottawa, ON (Concurrent with the IRCC role above.)

- Combine and clean public drinking-water monitoring data from Health Canada, the US EPA, and provincial reports, standardizing inconsistent formats, then build cross-jurisdictional Power BI dashboards (exceedance heat maps) that drive the team's market prioritization.
- Compare real-time ColiMinder readings against culture-based lab results in Excel pivot tables, calculating percent agreement and false-positive rates across pilot sites to quantify how closely the real-time method tracks the lab benchmark.
- Author and maintain the team's consolidated SOP and compliance checklist on federal and provincial drinking-water rules (Health Canada GCDWQ, Ontario O. Reg. 169/03 and 170/03); track regulatory changes in a running change log and flag compliance risks to project leads.

Rogers Communications

May 2021 to Aug 2024

Manager on Duty / Sales Advisor / Ottawa, ON

- Drove client retention above 90% by analyzing CRM customer history in Excel and building structured follow-up workflows that produced an auditable record of each customer interaction.

EDUCATION

Bachelor of Science, Biology / University of Ottawa

Dec 2024

Quantitative analysis of laboratory datasets in Excel; structured data collection and protocol adherence in microbiology coursework.

CERTIFICATIONS

Google Data Analytics Professional Certificate / Coursera

In progress

SKILLS

Languages: English (native), Arabic (native), French (working knowledge)

Tools: GCMS, Excel (pivot tables, lookups), Power BI, SharePoint, Microsoft Teams

Status: Active Reliability Status (Government of Canada); no sponsorship required
