

Husam Ahmed

(647) 685-6908 | husamdaifalla01@gmail.com | Ottawa, ON | Active Reliability Status

PROFESSIONAL SUMMARY

Data-quality analyst in practice: I maintain master-record integrity on one of the federal government's largest case-management systems (GCMS at IRCC), investigating probabilistic matches, correcting records, and surfacing anomalies across national datasets. Concurrently, I combine and standardize multi-source public data and build the Power BI dashboards a research team prioritizes by. Excel pivot analysis daily. Active Reliability Status. Currently completing the Google Data Analytics Professional Certificate (Coursera).

CORE COMPETENCIES

Data Quality and Integrity

Master Data and Entity Resolution

Anomaly Detection

Data Standardization and Cleansing

Power BI Dashboards

Excel (Pivot Tables, Lookups)

Process Documentation

Operational Reporting

WORK EXPERIENCE

Immigration, Refugees and Citizenship Canada, Operations Support Centre

Aug 2024 to Present

Program Assistant / Acting Case Processing Agent (CR-04, acting PM-01) / Ottawa, ON (Held concurrently with the Stelis role below.)

- Maintain master-record integrity on national client data in IRCC's Global Case Management System (GCMS): investigate probabilistic identity matches across biographic, biometric, and travel-document evidence, then commit corrections (record merges, disassociations, profile relinking) with each decision documented.
- Run pivot analyses in Excel and reporting queries in GCMS across large case datasets to confirm application statuses, surface anomalies, and flag potential information-sharing breaches for controlled handling.
- Triage the central Data Integrity unit's national intake of status checks and household identity-correction requests routed from offices across the federal department, supporting both PPMI and IMM applicants, prioritizing against case urgency and team capacity.
- Administer GCMS access and provide biometric operations support for staff at 60+ Visa Application Centres and Missions abroad, handling account provisioning, permission changes, and urgent technical issues across time zones, with each action logged.
- Confirm citizenship status by reviewing naturalization records, certificate issuance, and grant or revocation history in IRCC systems, returning verified status with supporting documentation cited for downstream officers and partner program requests.

Stelis Environmental Solutions

Nov 2023 to Present

Water Quality Researcher, Quality Systems / Ottawa, ON (Concurrent with the IRCC role above.)

- Combine and clean public drinking-water and wastewater monitoring data from Health Canada, the US EPA, and provincial reports, standardizing inconsistent reporting formats, then build cross-jurisdictional Power BI dashboards, including exceedance heat maps, that drive the team's market prioritization.
- Compare real-time ColiMinder readings against culture-based lab results in Excel pivot tables, calculating percent agreement and false-positive rates across pilot sites to quantify how closely the real-time method tracks the lab benchmark.
- Author and maintain the team's consolidated SOP and compliance checklist on federal and provincial drinking-water rules (Health Canada GCDWQ, Ontario O. Reg. 169/03 and 170/03), used as the primary reference for assessing real-time outputs against lab-based requirements.
- Write the briefing notes and comparison tables that go to senior management, laying out speed, verification, documentation, and regulatory-acceptance tradeoffs between real-time and lab-based monitoring.
- Track regulatory changes to drinking-water rules in a running change log, update the SOP and compliance checklist as rules evolve, and surface compliance risks to project leads.

Rogers Communications

May 2021 to Aug 2024

Manager on Duty / Sales Advisor / Ottawa, ON

- Drove client retention above 90% and high CSAT by analyzing CRM customer history in Excel and building structured follow-up workflows that produced an auditable record of each customer interaction.
- Acted as on-floor compliance authority for credit, KYC, and privacy decisions, reviewing customer documentation and credit-check results and approving transactions only when every regulatory and internal-policy step was met.
- Onboarded and trained new hires on KYC procedures, privacy requirements, and documentation standards, maintaining consistent compliance across shifts; led a team of three over three years.
- Ran the store floor as Manager on Duty, owning opening and closing procedures, cash and inventory controls, and daily targets, and serving as the escalation point for both staff and customers across the shift.

Elemental Data Collection

Jan 2021 to May 2021

Market Research Interviewer / Ottawa, ON

- Conducted structured interviews against research protocols and polling scripts, capturing responses accurately to support clean downstream datasets and consistent reporting across projects.
- Improved sample quality by converting 30 to 40% of initial refusals, raising response rates and strengthening the representativeness of project data.
- Applied standardized procedures for respondent selection, structured data entry, and script adherence to maintain consistency and comparability across research projects.
- Maintained accurate records of response outcomes, call attempts, and interview dispositions to support supervisor and analyst review and reliable downstream reporting.

EDUCATION

Bachelor of Science, Biology / University of Ottawa

Sep 2020 to Dec 2024

Structured data collection and documentation in microbiology coursework (sample handling, protocol adherence, results logging). Quantitative and statistical analysis of laboratory datasets in Excel; technical lab reports summarizing methods, results, and limitations.

CERTIFICATIONS

Google Data Analytics Professional Certificate / Coursera

In progress

SKILLS

Languages: English (native), Arabic (native), French (working knowledge)

Tools: GCMS, Excel (pivot tables, lookups, formulas), Power BI, SharePoint, Microsoft Teams

Status: Active Reliability Status (Government of Canada); no sponsorship required
